Strategic Partnering Operational Framework (concept)

RESOLUTE SUPPORT MISSION

Train: defined as developing programs and institutions to educate, instruct and prepare the ASI to enable them to generate and train the force in order to provide and maintain effective and enduring security capabilities.

Advise: defined as facilitating and **influencing** by means of counsel, the improvement of ASI through the creation of a professional relationship based on trust....includes observation, evaluation and reporting on the performance of ASI.

Assist: defined as providing capabilities to ASI and ANSF in order to mitigate capability gaps until a sustainable level is reached and the ANSF can meet their objectives and end state.

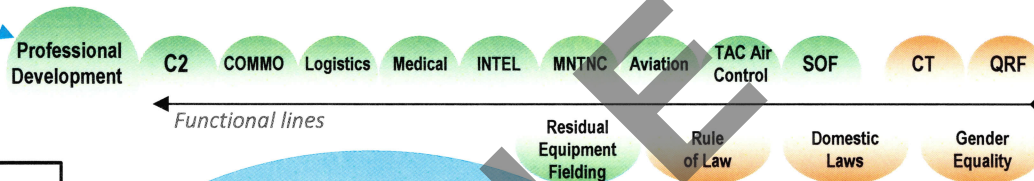

SHAPE CONOP / V1.1.2 / April 2013

Positive-Influence represents a cognitive engagement between an agent and a target, through a mechanism of cultural affinity, intended to produce a positive effect by enhancing the targets ability to perform operational tasks with greater precision and efficacy without creating an environment of hostile alienation.

 Sourcing Solution for Ministerial Engagement

- Strategic Partnering Coordination Board**
1. Establish routine forum for executing Coordinating Authority responsibilities.
 2. Interim bridging mechanism (38302-6.2 --> RSM).
 3. P14 Ministerial Engagement enduring partnership framework design.
 4. Develop, assess, and influence a cognitive network of political-military relationships.
 5. Oversee reduction strategy; minimize negative impacts on GIRoA partnerships.
 6. Set the conditions for RSM.

- MAG Realignment Planning Assumptions:**
1. 200 x Ministerial Advisors is not an absolute figure.
 2. Total Ministerial Advisory Package includes NTF / DCOS RES / Shafafiyat Advisors.
 3. MoD/MoI MAGs must relocate NLT DEC 13...requiring significant drawdown in PAX to accommodate at HQ/ISAF.
 4. MoD/MoI MAGs relocated to HQ/ISAF...reducing enabler requirements.
 5. Relocating MAGs to HQ/ISAF supports C2 realignment under DCOS OR.
 6. IAW RSM C2 Architecture (Draft) - MAGs are not an HQ/ISAF staff component.
